
Parent Portal Setup Directions

DeanList offers a Parent Portal so that parents and guardians can see their student's progress daily as well as any class announcements. The Parent Portal closes communication gaps between parents, students, and administrators by providing a daily feedback loop.

An administrator from the school will send an invitation via email to create your Parent Portal account. In the email, there will be a **validation code** and a **link** to set up your account.

- 1) Click the "Create My Account" link.
